

Shearers Seeking Employment

These individuals have successfully completed the WSSP Sheep Shearing Schools, and have expressed interest in shearing sheep or other animals. For security reasons, the shearers address and phone number are not available on the web page. In addition to these shearers, over 350 shearers have successfully completed this school and some are available to shear, but chose not to be listed on this website. If you have interest in hiring any of these shearers please contact Sarah M. Smith, WSU Grant/Adams Extension at the bottom of this web page.
